Predictable and Cumulative Books

Read Aloud & Read-To-Yourself Books For You and Your Child

This book list is offered for your convenience in selecting books for your children. Most of these books have been reviewed in one or more editions of the Read-Aloud Handbook by Jim Trelease or For Reading Out Loud! by Kimmel and Segel. Additional select titles have been added by the Orem Public Library staff.

This list allows you to choose books according to your child's Interest and Reading Levels.

Key:
T= toddler, P= preschool, K= kindergarten & 1st - 8th grades

Shaded blocks indicate estimated interest levels.
Bold numbers indicate reading levels

What will happen next?
Young children thrill at being able to predict, or sometimes be fooled by, a cumulative or predictable tale. It's a great way to start building an early love of reading.
